

WR FITNESS CENTER – YOUR INPUT IS NEEDED!

Did you know the WR community has a very impressive, free* fitness center available to all school district patrons? The fitness equipment was provided by private donations when the fitness center was built in 2006 with several additions in recent years.

What would make you inclined to make better use of this great facility?

Do the current hours of 5:30 am to 8:30 pm on school days work with your schedule?

Would you like to see expanded availability to including some weekend hours?
Does it need to be open later than 4:30 during the summer months?

Would it help to have a Personal Trainer there periodically to recommend a fitness program tailored to your needs?

Would you participate in instructor-led fitness classes if they were offered?

PLEASE PROVIDE YOUR INPUT ON ALL THIS BY COMPLETING THE FITNESS CENTER SURVEY BY FEB 10TH. Your input will help guide the next steps of the Fitness Center Task Force.
